HERE COMES SUMMER 2016!

This month, we once again present our annual Movie Month in ***PREVIEWS***, celebrating the summer blockbuster movies we all love! And there's no bigger film on my list right now than **Suicide Squad**, closing out the summer on August 5th! I have been totally in on this one since seeing the Comic Con sizzle reel footage... and that trailer set to Queen's "Bohemian Rhapsody"? Awesome. So, until August rolls around we've got a ton of other great summer blockbusters to fill the weeks until summer comes to a slambang finish with the *Squad*. And believe me, I'm *torn* on this subject, as I want the summer to hang around as long as possible before the inevitable fall season brings back the cold.

I'm going to be spending some hopefully quality time at my local movie house this summer, and I've already got my lineup of must-see movies:

Captain America: Civil War (May 6th)
X-Men: Apocalypse (May 27th)
Warcraft (June 10th)
Independence Day: Resurgence (June 24th)
Ghostbusters (July 15th)
Valerian and the City of A Thousand Planets (July 21st)
Star Trek: Beyond (July 22nd)

And *that* takes me up to ***Suicide Squad*** on the 5th of August. Sure, I'll probably fit some other movies in along the way, but these are the big release movies that make summer the time for the movies. It's gonna be another BUSY summer for us film fans!

Also in this issue, we've got exclusive *Movie Month* interviews with *Revival* creator Tim Seeley, *Wynonna Earp* creator Beau Smith, and more. And throughout the issue we have plenty of movie-related comics and graphic novels for you to enjoy.

So, as we enter this doorway to summer month of May, make sure you take time to go to the movies, visit your local comics shop (often!), and keep PREVIEWS handy!

Your Pal @ ***PREVIEWS***

Marty

P.S. And to my fellow kaiju fans, be sure to check out this month's Import Toys section for some really cool *Ultraman* and *Godzilla* toys you won't want to miss!

- Army of Darkness vs. Hack/Slash TP (APR141167)
- Revival Vol. 1: You're Among Friends TP (OCT120493)

Please tell us a bit about yourself!

I'm **Tim Seeley**. I'm a writer and artist. I originally hail from central Wisconsin and I live in Chicago. I'm probably most known for *Hack/Slash*, *Revival*, *Halloween*, various *Deadpool* stories, and DC's *Nightwing*.

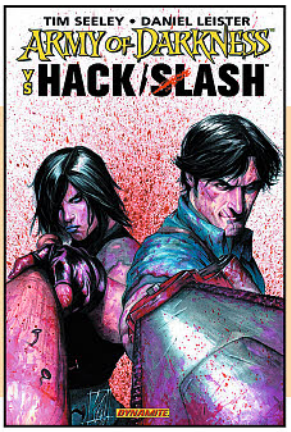

What movie-themed title are you currently working on?

I'm doing **Oblivion**, a comic book 'sequel' to the Full Moon Studios film, published by Action Lab, with artist Romina Moranelli. It's about Lyz Azorr, the daughter of interstellar criminal Red Eye, as she's drawn to a backwater town on a barely hospitable planet called Oblivion, in search of her father's lost treasure. While on her quest, she runs into the cast of characters from the film, including good guys like Marshall Stone, Buteo, Stell Barr and Doc, as well as the best of the villains, including the lovely Lash. All the while she's pursued by an obsessed bounty hunter named Skruk Morgus.

What aspect of this movie franchise do you believe translates best to a sequential art?

Oblivion is pure "comic book". One: It was originally written by comic book writer Peter David. Two: Its wit and charm lends itself well to the comic book page. And Three: In comics, we're able to give **Oblivion** the unlimited special effects budget it couldn't have as a film. I first saw **Oblivion** when I was in high school... probably right around the time I got my first video store membership and could rent movies on my own. I'd gotten a "Better Red Than Dead" button as a promotional giveaway that year, and my interests were piqued. The movie hit me in all the right ways... it's funny, it's dark, it's weird, it's sexy, and it's totally original. Man, I *really* wish I could find that button!

What are your favorite movie-themed projects you've read to over the past decade?

I can be a little hesitant about film-to-comic adaptations, and the other way around, since it seems like so many people don't bother to recognize what works best in each medium, and try to shoehorn storytelling techniques from one medium into the other. But when done right, I've always enjoyed the horror/sci-fi adaptations... I think *Predator* and *Aliens* make for great comics, and I'm always down for comics of *Freddy*, *Jason*, *Ash and the Army of Darkness*, *Michael Myers* and *Puppet Master*.

USER'S GUIDE

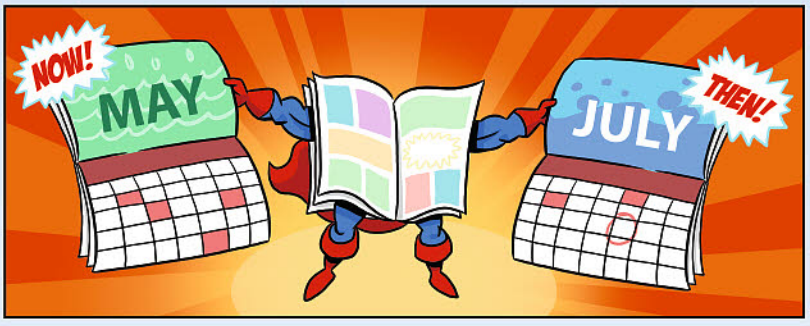

There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the May issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

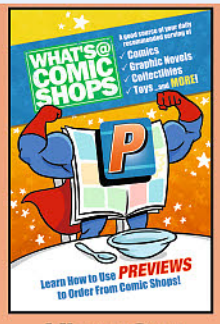

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

Where The Magic Of Collectibles Comes Alive!

CBCS 9.0 AMAZING FANTASY #15 HITS $237K

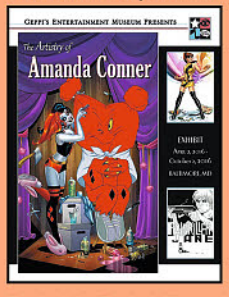

A CBCS 9.0 copy of *Amazing Fantasy* #15 sold for $237,000 at ComicConnect on Monday, March 28, 2016. Both the grading service and auction house identified the price as a record in this grade for Spider-Man's origin issue and first appearance.

"We couldn't be more pleased with the sale on the 9.0! ComicConnect bidders are the best in the world and the reputation Steve Borock and the team at CBCS has built over the last two years has given them the confidence to bid even more aggressively on CBCS comics in our Event Auctions," ComicConnect COO, Vincent Zurzolo said.

Galaga at 35

Destroy enemy aliens – it's a simple concept, one that's been used countless times in the history of video gaming. One of the first titles to achieve success with the idea was *Galaga*, which turns 35 this year. *Galaga* is to *Galaxian*, which featured similar gameplay. Both were based on the core concept of *Space Invaders,* too.

Galaga was wildly successful, especially during the height of the arcade scene; it has become one of the most popular games to compete for high scores and is still as such even today. The most recent world record score was set just a few years ago, in 2011.

What's Cool in this Month's Catalog!

May 2016 | Edited By: **Allyn Gibson** | editor@*PREVIEWS*world.com

DEADPOOL IS A TEAM LEADER — FOR A TEAM OF MERCS

Deadpool is one of the world's top mercenaries. There is hardly a job he won't do for money. But some jobs require more manpower and more gunplay than Deadpool alone can provide. For those jobs, he has a list of mercenaries on speed dial in Cullen Bunn and Iban Coello's *Deadpool & The Mercs For Money* from Marvel Comics!

Deadpool is barely a team player with the Avengers, but there's a vast difference between working with Captain America and Iron Man and leading a team of some of the most dangerous mercenaries on the planet. The Avengers fight together for reasons of altruism, camaraderie, and self-sacrifice. The Mercs for Money, on the other hand, work for money — and with some jobs the risk of death or dismemberment may not be worth the financial reward!

Deadpool may have a mutant healing factor that makes him impervious to stabbings, bullets, fire, and radiation. The Mercs for Money, however, do not — and when Deadpool takes a job to capture some radioactive super-villains, he may have as much trouble corralling his team of mercenaries as he will capturing his quarry!

Cullen Bunn, one of the most popular Deadpool writers of recent years and the mind behind *Deadpool's Secret Secret Wars* and the *Deadpool & The Mercs for Money* mini-series, continues the adventures of Deadpool and his surly team of mercenaries, joined by artist Iban Coello (*Age of Apocalypse*). Together, Bunn and Coello will make *Deadpool & The Mercs for Money* the funniest and most explosive Deadpool book on the market!

Look for the high-octane, high-laughs *Deadpool & The Mercs for Money* from Marvel Comics this July!

Some jobs require manpower, and for those jobs Deadpool has a team of mercenaries to call on!

A SPACE LEGEND RETURNS IN IDW'S *ROM*

The Dire Wraiths have long been a threat to the galaxy, and now they are preying upon Earth. It is up to ROM to face them and end their carnage before they can devastate the Earth in "Earthfall," the first issue of ROM's new ongoing series. Interstellar super-hero adventures resume this July with the return of *ROM* from IDW!

WIPED FROM EXISTENCE, FIVE HEROES SEEK A PLACE IN THE WORLD IN JEFF LEMIRE'S BLACK HAMMER

When the multiverse is threatened by villains from beyond the universal veil, the world's populace can rest easy knowing that heroes will leap into the fray to protect them from the cosmic cataclysm. But what of the heroes who unhappen when infinite worlds converge from of a secret crisis? Jeff Lemire (*Descender*, *The Valiant*) explores what happens to heroes who no longer exist in the wake of a multiversal crisis in his new series from Dark Horse Comics, *Black Hammer!*

Once Spiral City had heroes — Abraham Slam, Madame Dragonfly, Colonel Weird, Barbalien, and Golden Gail. But these heroes no longer exist. Instead, they lead quiet lives on a farm seemingly outside of time and space. But they feel the siren call of a city in danger, and the stirrings of becoming a hero beat in their hearts. These five refugees from a time that no longer exists will embark on a quest to find their place in the new universe!

Bryan Lee O'Malley captured the video game generation's zeitgeist a decade ago with his best-selling *Scott Pilgrim* series. This summer, he captures the moment once more — this time, the social media moment — with his new Image Comics series, *Snotgirl!*

On social media, Lottie Person leads a perfect life — always coifed, always made-up, always calm and collected, always perfect, always together. But who is she, really? When the digital camera is off, when she's not tapping out a tweet, when she's not sharing photos across three platforms, might she be anything but perfect — sneezy, clumsy, a mess?

O'Malley, along with artist Leslie Hung, explores the life of one social media maven and reveals the gap between the appearance and the reality. The book for this cultural moment, O'Malley and Hung's *Snotgirl* comes your way this July!

Get in line for the foremost Free Comic Book Day four-color giveaway of the year! Pieman and the Cupcake Kid take on a new crime team, Glutenus Maximus and his sidekick Gluten Tag, whose pastry-related misdeeds have led to a ban on all baked goods in Springfield! How will the heroic duo battle their foes without their arsenal of pies and cupcakes, and what's worse...what will Homer do without his daily dose of donuts? Then, after an unfortunate trip to the dentist, Principal Skinner is mistaken for a vampire. It doesn't help that Bart fuels the fire (and supplies the pitchforks) to an unruly mob uprising. Chris Mostyn (RI)

Here's another pow-packed issue of our sailor boy's adventures. The first comic is called just "Popeye!" The second long, hilarious, tale is "Strong Man." Then there's a story, "The Easy Way," where Olive wants her sweetie to stop his ruffian ways and become a genteel artist. Hilarity ensues. "Tiger Tale" will elicit plenty of "ARFs" as will the side-splitting O.G. Wotasnozzle comic "The Big Gas Man!"

HUNTER S. THOMPSON'S FEAR & LOATHING IN LAS VEGAS #3

Certified Cool

adaptation **Troy Little**
cover **Troy Little** (REG), **Ashley Wood** (SUB)

Troy Little's gonzo adaptation of *Hunter Thompson's Fear & Loathing in Las Vegas* is now available in an all-new format.

Gareth Branwyn at BoingBoing says, "I can't think of anyone better suited to fully render Thompson's warped vision of the American dream (aka 70s Vegas) than Eisner Award-nominated **Troy Little**. His 176-page comic adaptation manages to effectively distill the roman à clef gonzo masterpiece into a form that feels completely natural, managing to retain and celebrate inspired moments of Thompson's brilliant prose-poetry."

This comic book version is presented in black-and-white and at a slightly larger size than the full-color hardcover edition. Each issue also includes pages from Little's sketchbook and other behind-the-scenes information.

WARNING: CONTENTS UNDER PRESSURE. As an underwater welder on an oil rig off the coast of Nova Scotia, Jack Joseph is used to the immense pressures of deep-sea work — but not the pressures of impending fatherhood. While Jack dives deeper and deeper, he seems to pull further and further away from his young wife and their unborn son. Then one night, deep in the icy solitude of the ocean floor, Jack has a mysterious and supernatural encounter that will change the course of his life forever.

Equal parts blue-collar character study and mind-bending mystery, *The Underwater Welder* is a graphic novel about fathers and sons, birth and death, memory and reality, and the treasures we all bury deep below the surface.

DIRTY DUCK

writer/artist/cover **Bobby London**

Certified Cool

Bobby London's legendary career as an underground cartoonist has spanned decades. London created his most enduring character, the outrageous and irrepressible Dirty Duck in 1971. He was a founding member of the infamous *Air Pirates*, and produced strips for *National Lampoon* during the heyday of that massively influential magazine. After departing the *Lampoon*, the cigar-chomping Dirty Duck and his creator found a home at *Playboy*. He wrote and drew the syndicated *Popeye* newspaper strip for six years until a major controversy ended his tenure on Segar's sailor.

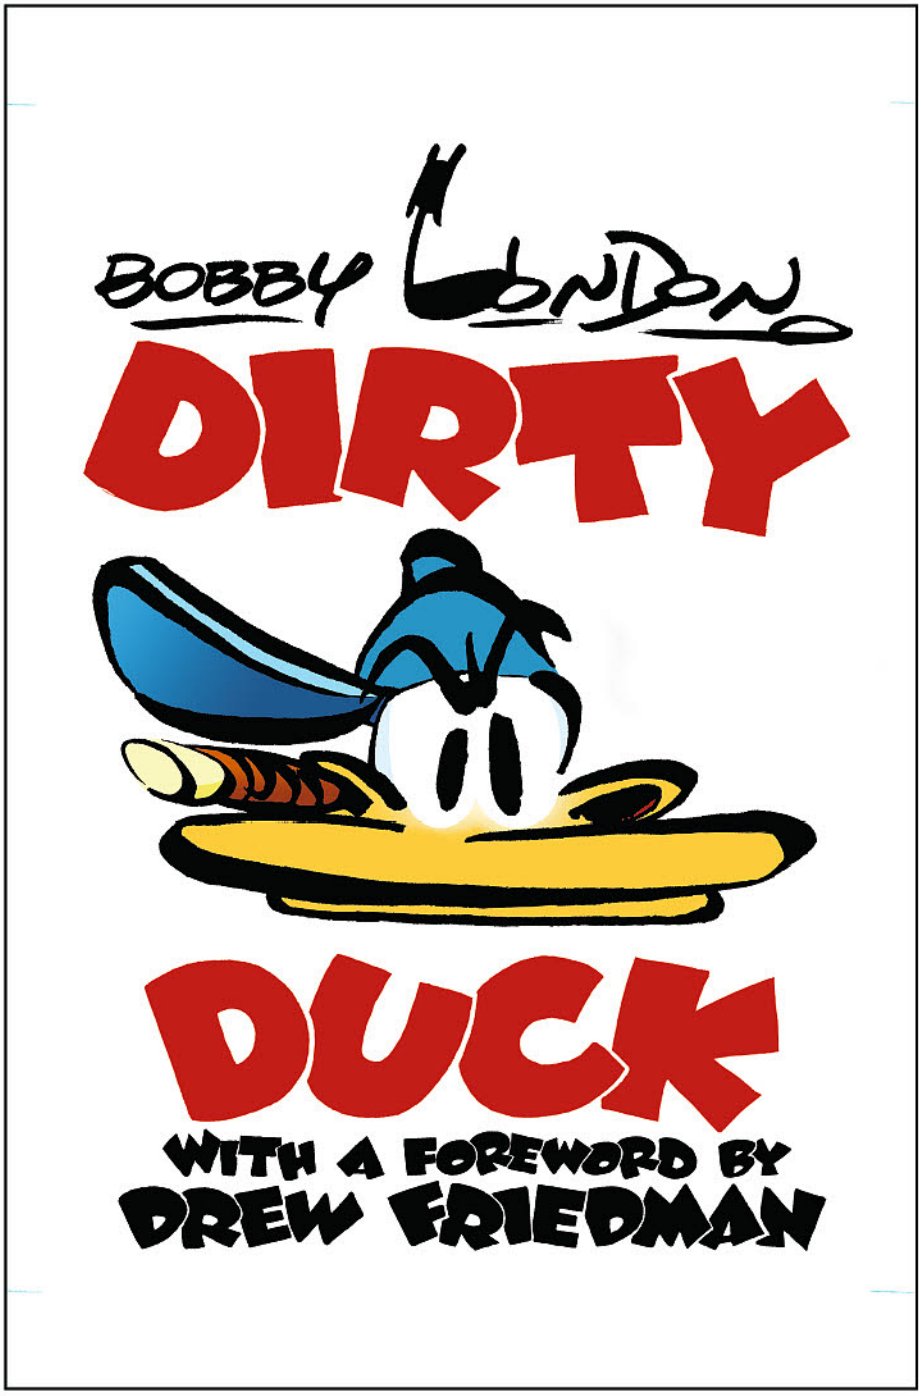

This oversized volume will collect nearly all of London's influential *Dirty Duck* strips, from *Air Pirates Funnies, National Lampoon, Playboy* and other publications. Many of the strips have been scanned from the original art in the artist's vast personal archives, including rare and unpublished preliminary drawings. A contemporary of **Gilbert Shelton, R. Crumb** and the *ZAP* crew, London's legacy is a major piece of history in the great American art form. In 1978 London was awarded the prestigious *Yellow Kid Award* for best writer/artist at the Lucca Comics Festival for his work on *Dirty Duck*.

COMIC BOOKS GO TO THE MOVIES

This month, ***PREVIEWS*** presents **Movie Month**, our annual celebration of the best Genre offerings of Sci-Fi, Horror, Fantasy, Action and Comic Book-themed movies, and the comics, graphic novels and merchandise that inspired or were spawned by them. With more and more comic books being optioned for big screen and TV adaptations, our **Movie Month** celebration is the best reason for us to reach out to some of today's creators who are bringing the movies to comics or vice versa!

BEAU SMITH
WYNONNA EARP

Please tell us a bit about yourself!

BS: Well, I've outrun the laws of getting tossed out of the comic book business for close to 30 years. I'm really proud of the fact that within that time I've been the VP of Marketing for Eclipse Comics, Image Comics, McFarlane Toys, IDW Publishing, Jun Planning and currently The Library of American Comics. That's just the day job. As a writer I've written for every major publisher in comics except Marvel Comics. (I did write *Wolverine vs. Shi*, but that was a crossover!) I've written *Batman*, *Star Wars*, *Guy Gardner*, *The Legion of Super-Heroes*, *B'Wana Beast*, *Aliens*, and tons of other established characters. I am the creator/owner of *Wynonna Earp*, *Cobb*, *Parts Unknown*, *Primate*, *200 People to Kill*, *The Black Terror*, *The BadLander*, *Maximum Jack* and many others. Oh, I'm also a peach of a guy to hang out with.

What TV-themed title are you currently working on?

BS: That would be ***Wynonna Earp***, an ongoing series being published at IDW Publishing — and a brand new TV series for the SyFy Network!

What aspect of this franchise do you believe translates best to a sequential art?

BS: ***Wynonna Earp*** best represents that we all need and want to relate to heroes that we find a little of ourselves in. In Wynonna's case, she is a bit flawed, messed up, and doesn't make the best choices at times. The TV series and the comic book, both show Wynonna at the start of her U.S. Marshal Black Badge career, when she is learning all about her potential and how to start making better choices. It's not an easy path, but she learns to carve it out pretty good with the help of family and some very unique friends. We all need heroes to aspire to be as well as to be motivated by, and ***Wynonna Earp*** is a very good example of that. The best part, I believe, with ***Wynonna Earp***, is that as a character, she translates to the screen as well as she does to the printed page. TV Series showrunner and head writer, Emily Andras and I feel that we have the opportunity to present that to readers and viewers with both the TV series and the comic book. No reader or viewer will be left behind.

What are your favorite movie-themed projects you've read to over the past decade?

BS: For consistency, I'd say *G.I. Joe*, the comic book series runs with the same feel that the films did. *The Walking Dead* on TV has given non-traditional and non-comic book readers a glance into the craft of how comic books are written and the depth they can display. Marvel Comics has been great with not only capturing new readers, but also showing the comic book business how they can better represent their own characters. It's a very good time for comic book-themed films and TV. I think this is just the start of how we are going to see graphic novel and comic book writing change the way film and TV characters are written in this theme. Of course, ***Wynnona Earp*** is the best so far — defy me on that opinion and I'll make Negan of *The Walking Dead* look like a Sunday School teacher!

Please tell us a bit about yourself!

JASON CRAIG
EQUILIBRIUM

JC: I've been drawing since I could hold a pencil, and I self-published my first comic, *EVIL Waise*, in my early 20s with my friends Robert Kirkman (*The Walking Dead*), Jonboy Meyers (*Spawn*), and Marvel colorist Val Staples, all contributing their own personal works as well!

From there I stayed busy with *Grimm Fairy Tales* which led to a film adapting career on projects like *Se7en* and *ReAnimator*. This all culminated on a dream project, which was bringing to life a screenplay that was to become a movie, the award-winning *Freddy vs. Jason vs. Ash*, the sequel to the *Freddy vs. Jason* film. Since then, I've worked on other titles ranging from *Evil Ernie* at Dynamite to *Wolverine* at Marvel. I'm currently rebooting *EVIL Waise* and ***Equilibrium*** at American Mythology.

What movie-themed title are you currently working on?

JC: ***Equilibrium***. It's such a great cult film and having the chance to develop the sequel we never saw in theaters is fantastic!

What aspect of this movie franchise do you believe translates best to a sequential art?

JC: It's easy to say "action sells" and to draw action scenes that look cool, but that to me is a cheap almost *cheesecake* way out, to coin an industry term. I see this as a very story-driven piece. Although we think of it as an action film and now book, I personally see it as a political stance on creativity told through a creative medium, comic books. In the movie anything that evokes an emotion was illegal; music, art, movies, etc. So we can really see this book as an uprising of new creative people wanting to take their freedom and world back, and now the artists and the creative people are fighting back… at least that's my personal stance I take when putting myself in the characters' shoes while drawing and creating this world. You will see little hidden gems in the art tipping my hat to that notion of artists wanting to be heard that live in this world our characters inhabit.

What are your favorite movie themed projects you've read to over the past decade?

JC: It's really hard to not mention my calling card, and that was working with Jeff Katz, James Kuhoric, and Thomas Mason on *Freddy vs. Jason vs. Ash*, it was almost historic. We took a book that no one noticed and took it to the top. You would think a recognized property like *Friday the 13th*, *A Nightmare on Elm Street*, or *Evil Dead* would be natural best-sellers but they weren't at the time, and from our team's contributions it is still listed as one of the Top Horror comics of the last 10 years, and I am very proud of that! I'd really love to see this project have a similar fate.

Please tell us a bit about yourself!

SHAWN GABBORIN
PUPPET MASTER

SG: I am a co-founder of Action Lab Entertainment and serve as Editor-In-Chief of the company. I also head up our "Full Moon Presents" line of comics, through which we are bringing a number of cult-favorite Full Moon films to the comic page!

What movie themed title are you currently working on?

SG: I write ***Puppet Master*** for Action Lab: Danger Zone, and I am having a blast bringing these classic horror characters to life once again!

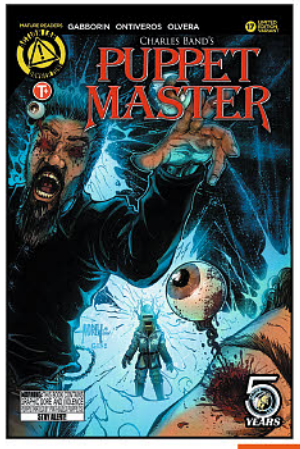

What aspect of this movie franchise do you believe translates best to a sequential art?

SG: ***Puppet Master*** is, in the most basic description, a story about killer puppets. Bringing it to comics, I can pull off many different action sequences and kills that the films just couldn't accomplish with stop-motion animation or rod-and-string manipulation. Unlike films, our only "budget" we need concern ourselves with is our imagination and the artist's pen… so we're free to get pretty crazy!

What are your favorite movie themed projects you've read to over the past decade?

SG: I loved the recent Clive Barker's *Nightbreed* comic! The Wildstorm *Texas Chainsaw Massacre* run had some great stories, and the current Darth Vader comic is great. I'm a big *A Nightmare on Elm Street* fan, so anytime there's a Freddy adaptation, I'll buy it!

In the first years of the 21st century, a third World War broke out. Those of us who survived knew mankind could never survive a fourth... that our own volatile natures could simply no longer be risked. Now, the government has risen up to eradicate the true source of man's inhumanity to man. The ability to feel. But in this brave new world, where logic rules and emotion is punished, a rebellion breaks out that will shake this totalitarian government to its core. Equilibrium is many things to me. It marks my return to the art form I love, drawing comics, specifically movie continuations. I think what I am particularly excited about as an artist and a fan is how incredible of a movie *Equilibrium* is. The film is very personal to me because of its powerful content where in a dystopian future creativity is outlawed and punishable by death. We now have the freedom to expand this universe and explore essentially a Civil War for creative thinking. This is where the sense offenders fight back! As a creator, I take on projects I want to read, and I do these projects as a fan, for the fans. I hope you enjoy reading it as much as I enjoyed working on it.

VOLTRON: LEGENDARY DEFENDER #1

Recommended by Jonathan McKinney

It may be hard to believe, but almost 30 years have passed since *Voltron*, the massive mech combined by five robotic lions, aired new episodes on television. Fear not, fans, because *Voltron* is coming back in a big way in 2016!

The Dreamworks produced take on the character debuts on Netflix this June, and shortly after *Voltron* will find a new home in comics with an ongoing series from Lion Forge.

Voltron takes the best aspects of action/adventure stories and combines them with heart and character. A major emphasis on the new series is to delve deeper into the *Voltron* mythos, while also exploring the lives of each pilot. Head show writers Tim Hedrick and Mitch Iverson guide the story within the new comic as a one-two punch alongside the Netflix series.

With a stylized look for the 21st century, *Voltron: Legendary Defender* #1 is an excellent compendium for longtime fans looking to dive into the new show, with plenty of content available for newcomers looking to learn all about the best mech around.

WARSHIP JOLLY ROGER

Recommended by Trevor Richardson

In a distant future where mankind has colonized planets throughout the galaxy, former Confederation Commander Jon T. Munro serves a life sentence for a war crime he was forced to commit against his will. Not exactly falsely accused, but still a scapegoat for a corrupt government, Munro takes advantage of a prison riot and escapes with a ragtag team of smugglers, killers, and rebels. Knowing they have no chance on their own, and no chance if they run, the band opts to go on the offensive by hijacking the warship Munro once commanded and taking the fight to those who imprisoned them.

Sylvain Runberg's futuristic space opera moves at a breakneck pace, the characters are rich and complex, and the art by Miquel Montllo gives this universe a texture and vitality that is almost unmatched. *Warship Jolly Roger* blends the sci-fi grit of *Battlestar Galactica* and the charming criminal ensemble elements of *Firefly* with Steve McQueen's prison break classic *The Great Escape*. The result is an adventure with a lot of heart.

Space pirates. Tyrannical regimes. Starship battles. Political intrigue. Fugitives from the law. The newest offering from Magnetic Press has it all.

ADAM HUGHES just wants to have FUN!

This July, Archie Comics unveils the next title in their all-new modern Archie Comics family of titles, **Betty & Veronica #1**. And guiding the comic book BFF's through their day-to-day adventures is none other than fan favorite artist, Adam Hughes, who took time out of his busy schedule to talk about his work on the new series…

PREVIEWS: *What made you sign onto the creative chores for* **Betty and Veronica***?*

Adam Hughes: Archie Comics inquired if I wanted to be involved with the new **Betty and Veronica**, and I asked if I could write *and* draw the book. After they got up off the floor, they agreed!

P: *Has it been in the bucket list of things to do, or was there some other circumstance that made this gig happen?*

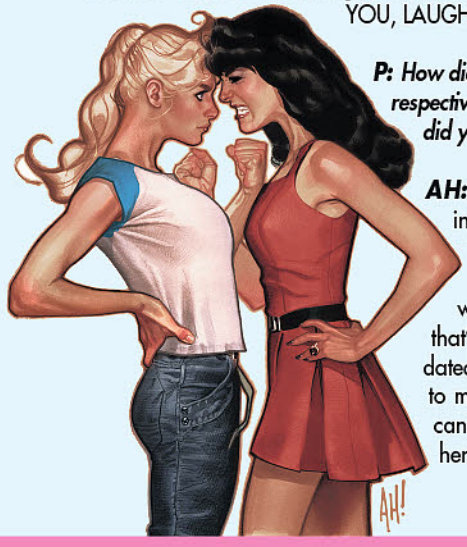

AH: I was tired of waiting for the First Sign of the Apocalypse, so I thought "Adam Hughes doing **Betty and Veronica**" might jump-start things!

P: *You're behind the wheel for a comic book title that has resonated in the minds of fans for decades. If you could speculate on what makes Betty and Veronica such timeless characters in the comics community, what would you offer from an insider's point of view?*

AH: I'm not an insider — I'm a fox in the hen-house! Betty and Veronica are timeless because they're unchanging and always there for you. It's like going home every time you check in with them. As it should be.

P: *When you sat down to brainstorm on what should be the opening storylines for this book, what variables did you consider? Did you want to pay homage to the past? Or did you want to bypass the yellow brick road, and try a new highway?*

AH: All I care about on **Betty and Veronica** is making people have some kind of emotional response. Mostly laughing, maybe one or two tears. Whatever I need to do to pull that response from the readers — nostalgia, uncharted territory, WHATEVER — I'll use it! LAUGH, DAMN YOU, LAUGH!!!

P: *How did you get in the heads of Betty and Veronica to hear their respective voices? What influenced your take on their diction? How did you approach their sometimes love/hate relationship?*

AH: I get into Betty's head by blindly trying to see the best in people, no matter what. I get inside Ronnie's head by wondering what they're really up to, the sly devils! As for their diction? I don't speak like teenagers, even when I was one. I'm trying to have them speak in a way that's universal and feels correct for them, but won't seem dated in 10 years. I approach their relationship this way: to me, Betty would never admit to hating anyone; she just can't. Veronica would find it hard to tell someone that she loves them — she'd show it, but the words would catch in her throat. I think that's the basis for a really interesting relationship. Also: *shopping*.

ALL WILL BE REVEALED!

ASPEN UNIVERSE REVELATIONS

This July, the Aspen Universe will be plunged into its biggest crossover event ever, bringing the popular characters *Soulfire* and *Fathom* together for an event that will make lasting changes to every aspect of the Aspen world. Writers Joshua Hale Fialkov (*I, Vampire*, *The Bunker*) and J.T. Krul (*Fathom*, *Soulfire*, *Teen Titans*) joined us for a short Q&A on this upcoming event…

Will* Aspen Universe: Revelations #1 *be a great jumping on point for new readers?

J.T. Krul: *Absolutely!* We've designed the story to start with the basic core characters and concepts of the **Soulfire** and **Fathom** universes and unfold from there, bringing in more and more of their respective worlds as we ratchet up the tension and drama throughout the series. In fact, one of the reasons we wanted to have Josh involved (aside from being a fantastic writer) was to have someone heavily involved who wasn't so steeped in the overall mythos of the two books. He really helped making sure the story made for an easy jumping on point.

Joshua Hale Fialkov: That being said, it was extremely important to everyone involved that we stay true to the characters and the history that Michael Turner created. We're determined to keep both sides of the equation happy.

How is this the BIGGEST EVENT in Aspen Comics' history?

JT: Quite simply, for the first time in the entire history of the company, Aspen is doing a crossover. And, it's not just a run-of-the-mill typical crossover. We are bringing the two best-selling, flagship properties together in a way that will forever alter their worlds moving forward.

JHF: Beyond that, J.T. and the gang at Aspen have been slowly seeding this into the stories for a *long* time. This is the culmination of literally *years* of work.

Can we expect lasting effects from this new world-colliding story?

JT: You can indeed! That's the whole reason for doing this story in the first place. This isn't an alternate universe tale. This isn't an "Elseworlds" tale! This isn't a "what if" adventure!

JHF: And we wanted to make sure that it had a long, heartfelt, and meaningful impact on the books.

JT: This is an epic event that will rock the two worlds to their very cores and lay the foundation for a more cohesive universe that will expand and evolve from this point forward.

What can devoted Aspen fans expect from this crossover event?

JT: For long time Aspen readers, they can expect the unexpected. From the very first issue, a major revelation (hence the title!) will change everything they thought they knew about both **Soulfire** and **Fathom**. It will feature a Who's Who of both books, as they struggle against a threat that spans the boundaries of time and space. Our readers have been with us through all the drama and adventure, both on the page and off, and this is a way for us to thank them with the kind of no-holds-barred story they've been clamoring for over the years. Plus, it's a way for us to show everyone that we have big plans in store — not just for this story, but for beyond as well.

What new changes can you tease for new and longtime readers alike?

JHF: Well, there's one <u>really</u> big one, which we don't want to spoil. What can we say without spoiling things?

JT: Aspen Matthews will see her world suffering like never before, as the entire planet has been transformed into a virtual wasteland. Tired and alone, she treks the deserted realms, looking for signs of her people — or signs of *any* life for that matter. And what she discovers will show her that all may not be lost, but she'll have to go further than she ever dreamed if she is to have any hope of saving her world.

JHF: And she meets someone she *thinks* she knows, but she has no idea who it really is.

Will this five-issue mini-series serve as the starting point for the all-new Aspen Universe this summer?

JT: **Revelations** is both a culmination of everything that has come before *and* a beginning of an entirely new chapter, not just for **Fathom** and **Soulfire**, but for Aspen itself. We are doing everything we can to make this a great time to explore our worlds and climb aboard for a bright and exciting future.

JHF: Part of what attracted me to the project was getting a chance to really build the ground rules that allow us to go out and build an even stronger, better Aspen Comics than ever before.

RAVENING #1

Regular Retail Price: $5.99
Cover: Christian Zanier
Writer: Jai Nitz
Art: Jack Jadson
MR, Color, 64 pages, 1 of 3

SPOTLIGHT **About:** The queens of the night return in a monster sized 64 page debut issue of vampire love and loss! The Ravening have been spoken of in hushed whispers for twenty years and are now reborn with an all-new tale of darkness from seasoned writer Jai Nitz and illustrator Jack Jadson! In Hellina #1, she flexed her power as the adjudicator of Hell and swept through the underworld, ending many dynasties. The vampire lords of House Morcego and House Volmaan were lost to Hellina's wrath and their daughters Izzy and Corrie are struggling with how to keep them from collapsing in the chaos. Merging with another house seems the only option, so these two lovers defy all the rules and marry each other to unite their clans. But can their young blood survive the many threats now closing in around them as a horde of Satyrs target their weakness? It's a seductively sexy look at a new kind of underworld now living in the shadows. To top it off, we include two of the very first Ravening stories from 1997, in color for the first time, as well as a cover gallery of some of the classic covers of the past!

ArMOOgeddon", written by co-creators Waco O'Guin and Roger Black, takes place in the distant future. We join Steve Williams, the only Brickleberry park ranger who managed to escape death at the hands of the Alien Cow Invasion. Future Steve, as he now calls himself, was captured, but escaped and has joined forces with a small group of human rebels in an underground hidden base. With the help Dr. Kuzniak, Future Steve must travel back in time to the year 2015 and kill head ranger Woody Johnson, whose actions led to the Invasion and the destruction of all humanity.

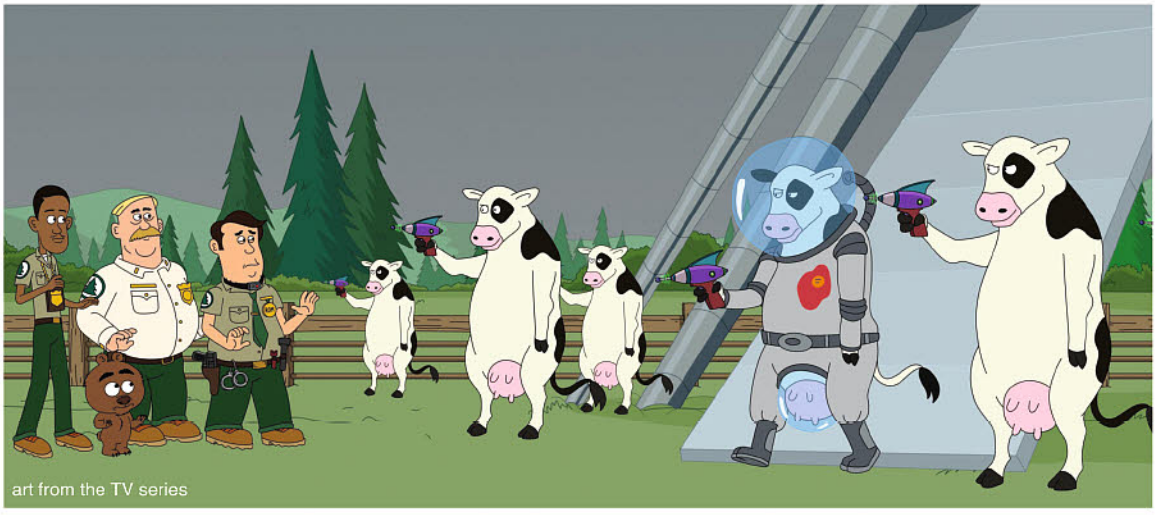

Brickleberry had a successful three season run on cable television, popular among males 18-24, and averaging 1.6 million viewers per episode. Brickleberry's loyal fanbase still thrives on social media and they are hungry for the continuing adventures from Brickleberry National Park!

BRICKLEBERRY #1 INTERVIEW W/ THE CREATORS

FEATURED ITEM

For the uninitiated, how would you describe the animated series BRICKLEBERRY? What's it all about?

Brickleberry is an animated series created by Waco O'Guin and Roger Black. It follows the misadventures of a motley crew of national park rangers that work in the worst national park in the country. The main characters are Steve Williams, a bumbling overconfident park ranger who takes himself and his job way too serious, Woody Johnson, the head park ranger, a hot heated former military officer who rules the park with an iron fist, Ethel Anderson, an attractive 25 year old ranger. She was the top ranger at Yellowstone (before being fired for drinking on the job) was transferred to Brickleberry in an effort to get the park back on track She is passionate for animals and nature and does her best to treat her co-workers kindly. The other members of the crew include Denzel Jackson, an African American ranger who is horrible at his job, but can't be fired because he works for a government agency. Denzel is a gerontophile, which occasionally gets him into hot water. Denzel is the epitome of a fish out of water, because he's afraid of bugs, snakes, and pretty much anything else that inhabits the woods. Next up is Connie Cunaman, a lesbian female ranger who has a large body, immense strength, and a deep voice that is often mistaken for a dude. She is obsessed with Ethel and would do anything to get with her. On a side note, when Connie gets excited, her vagina makes growling noises similar to that of a stomach, requiring her to talk it down like a wild animal. Finally we have Malloy, a grizzly bear cub that Woody has taken in and spoiled after Steve accidentally ran over and shot his parents, telling him a tourist did it. Woody lets him play video games all day and eat junk food. Malloy is very crude, racist, sexist, has a superiority complex, and in some ways is a narcissist. He openly hates the rangers and in addition, he enjoys putting them down and messing with them on a daily basis, especially Steve.

art from the TV series

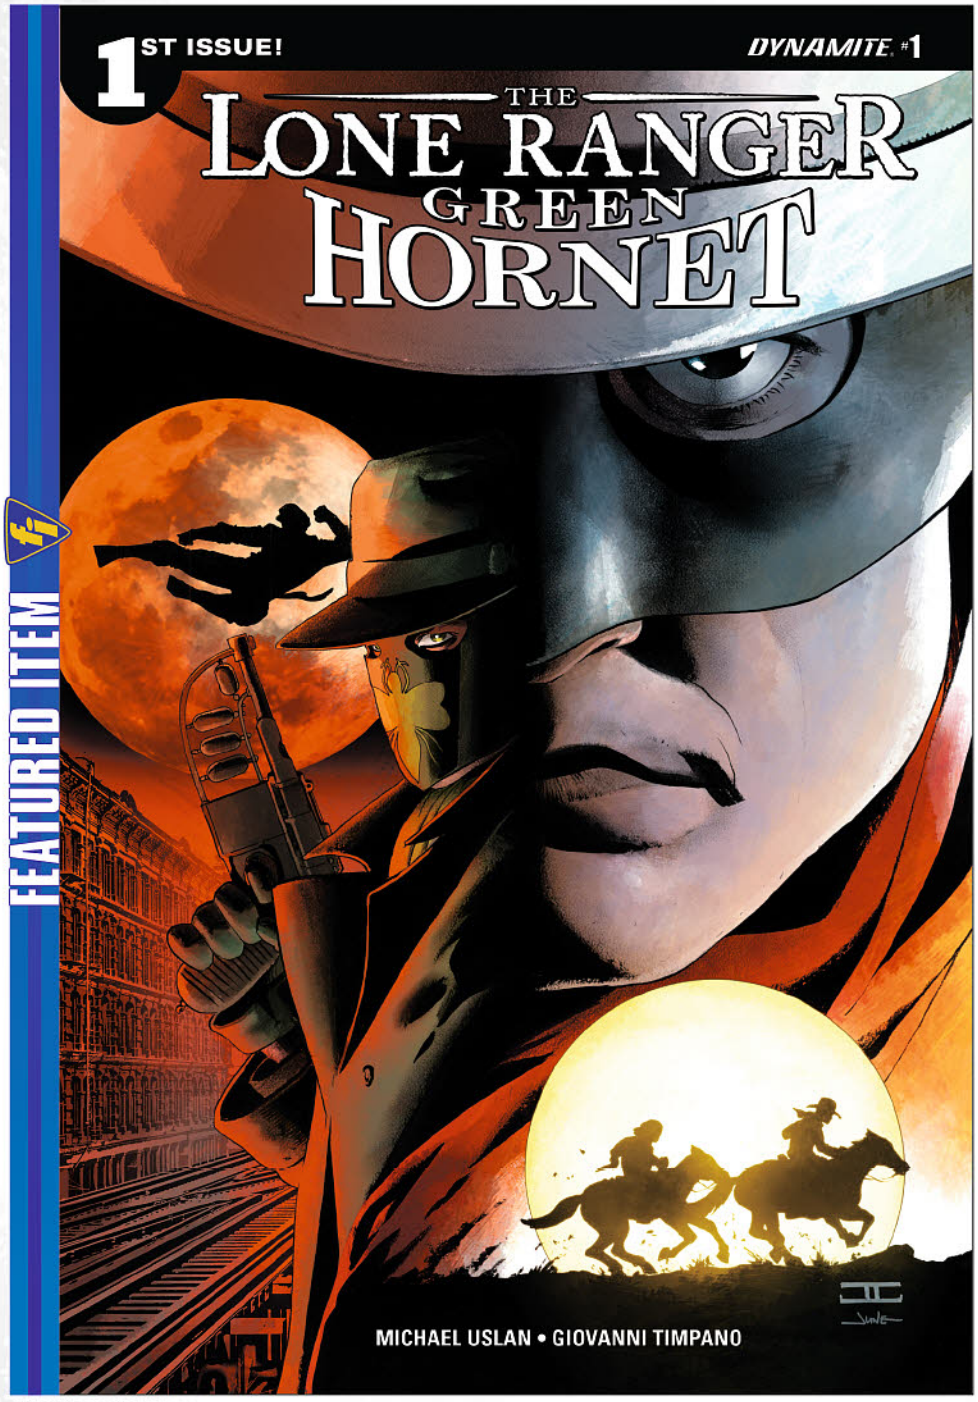

As the creators of BRICKLEBERRY, what are your thoughts on creating new stories for comics?

We are very excited for the opportunity to tell more Brickleberry stories! Animation really lends itself to comic books because there are really no creative boundaries. This allows us to stay as grounded or get large and fantastical as we please. We had this idea for the premiere of season four and are so happy to finally be able to tell it!

What do you think BRICKLEBERRY fans will love about the new comics?

We think Brickleberry fans will love the fact that we no longer have the censoring constraints we had on television. These issues will be completely uncensored! Brickeberry fans will finally have the chance to see their favorite park ranger adventures in full unbridled glory! No annoying bleeps!

A tale of super-heroics and family that has taken eighty years to be told! This first chapter, entitled "Those Thrilling Days of Yesteryear," creates a world of carefully researched alternative history in 1936 as we learn whatever happened to The Lone Ranger and discover his familial link to the emergence of a man who is a modern day urban version of The Lone Ranger himself. What is the blood connection of The Green Hornet to The Lone Ranger? What is the link of Olympic runner Jesse Owens to The Green Hornet? What role does Bat Masterson play in The Lone Ranger's New York adventure? What intense rift tears a family apart just when America desperately needs a great champion of justice? The shocking answers lie in the historic first issue of "The Lone Ranger Meets the Green Hornet: Champions of Justice!"

character designs covers by **Giovanni Timpano**

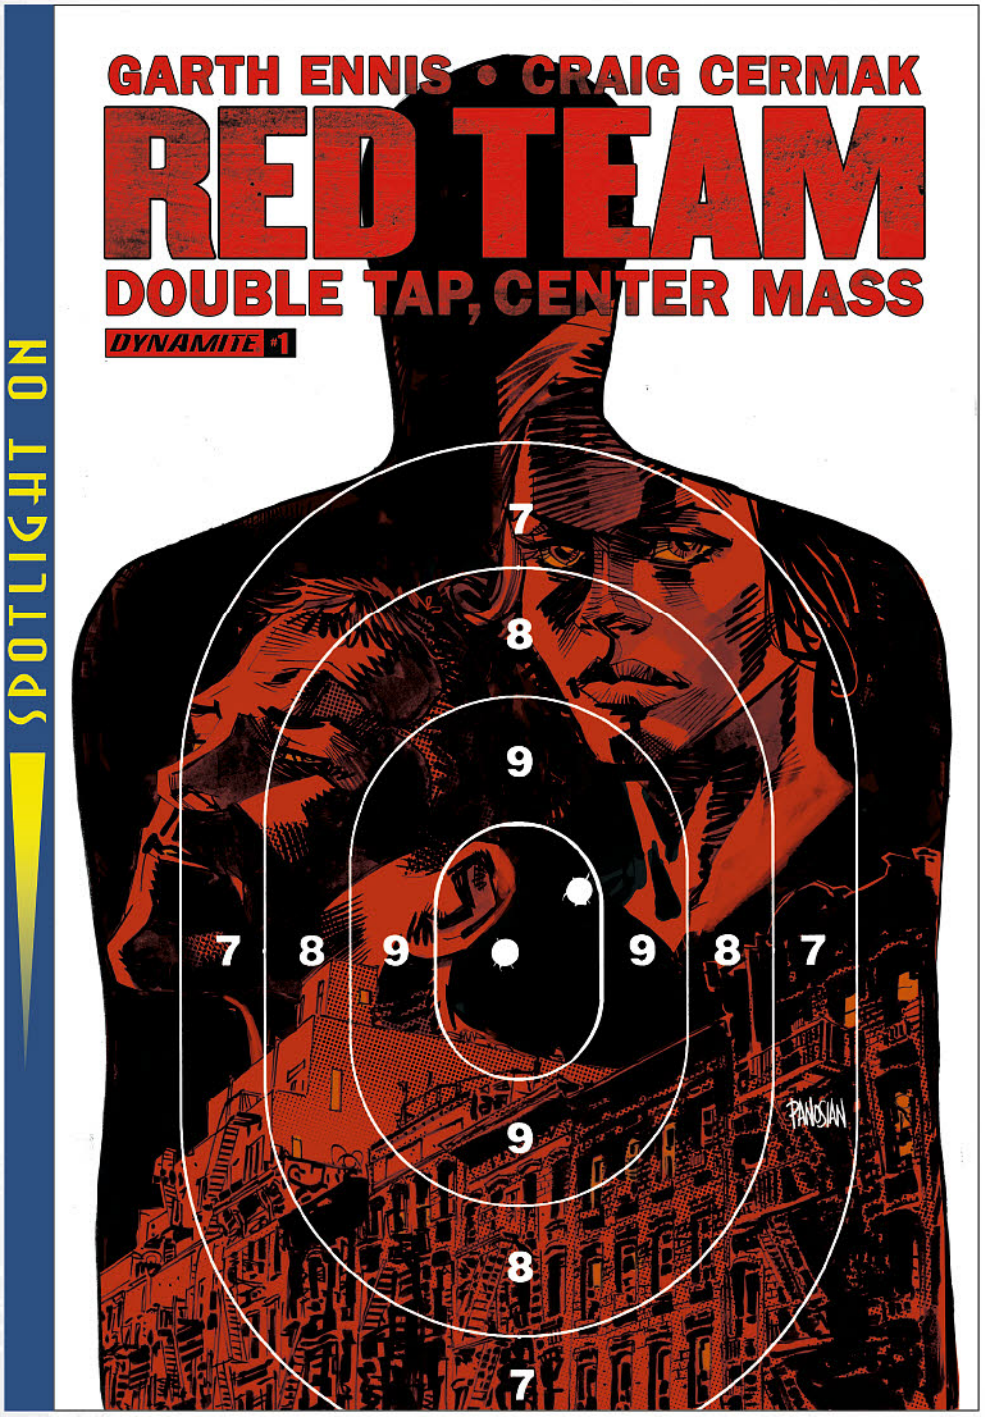

"This is a golden opportunity as a comic book fanboy, a movie buff, a fan of old-time dramatic radio, a comic book historian, and a writer. It's a story I dreamed of for so many years, and thanks to Dynamite, that dream has now come true. I'm honored to be able to be the one to tell this very important story. Thematically, it's a story about family and the forces that can tear it apart and bring it together. It is an action-packed tale with scenes from the Wild West and scenes from Chicago in the 1930's, filled with public enemies on the loose and Nazi Bund members inciting the worst in people... making it seem like the Wild West redux."

Who is John Shaft? John Shaft is a private eye. John Shaft is a black man made of muscle and ice, and he has no prejudices. John Shaft will kill anyone... black or white.

When the cloistered daughter of Harlem's crime boss discovers the true nature of her father's work, she runs off to be as bad as Dad. By the time she disappears, she's into sex, liquor, dope, and a few other scenes. Now, Big Daddy wants Shaft to get his baby back. The tough, take-no-guff detective goes to work... and the Mafia, the Black militants, the NYPD, and City Hall go to work on him.

The original and unabridged Shaft novel by Ernest Tidyman, the 1970 tour de force of hardboiled crime fiction that introduced an unsuspecting world to a cultural icon.

"The idea came out of my awareness of both social and literary situations in a changing city. There are winners, survivors, and losers in the New York scheme of things. It was time for a black winner." - Ernest Tidyman

"A cool, black, kickass private eye in literary territory dominated by cynical white gumshoes" – Kirkus Reviews

"A distinctive hard-edge, wit, and style reminiscent of Mickey Spillane... Eminently readable and well worth revisiting"

As the first human colony on Mars digs deeper into the crimson soil, they discover the catacombs of a hibernating civilization, tens of thousands of years old. The evidence suggests that they are Nosferatu, an ancient and sinister species that Vampirella is all too familiar with. Called to the Red Planet to investigate, the monster hunter and her human allies find a chamber with hundreds of ellipsoidal, leathery eggs... and after they hatch, the true horror begins. In space, no one can hear Vampirella scream!

The valiant Captain Victory falls in battle... but death is only the beginning! His superiors long ago enacted a contingency plan: maintain clone bodies, that -- with a memory download -- can be sent into space to die again and again. Only this time, two copies were created, their memory downloads incomplete and bodies ejected into far-flung time and space. Can a teenage, amnesiac Victory survive the dangers of 1970s New York City? Can a scarred, hulking Victory survive a hazardous alien landscape millions of light-years away? Born from the fertile imagination of comic book legend Jack Kirby, Captain Victory bounds into cosmic adventure anew courtesy of writer Joe Casey (Sex, Uncanny X-Men) and artist Nathan Fox (Blue Estate, Haunt)!

This boldly experimental volume collects the complete six issues of Casey's critically acclaimed, star-studded reimagining, plus sixteen pages of never-before-seen bonus material and an all-new introduction by the writer, Joe Casey.

THE BOYS OF SHERIFF STREET GN
(W) Jerome Charyn
(A/CA) Jacques De Loustal
With its moody, atmospheric images of New York City's underworld during the 1930s, this graphic novel conjures up the timeless allure of film noir. Twin brothers Max and Morris, rivals for the love of a savage beauty, conduct a gangland war amid the Lower East Side's tenements and wharfs. Features a new English translation by the author. SPOTLIGHT ON

WILSON TP
(W/A/CA)
Daniel Clowes
This new paperback edition of Daniel Clowes' modern classic celebrates the Alexander Payne-produced film version starring Woody Harrelson and Laura Dern. One of the leading cartoonists of our time creates a thoroughly engaging, complex, and fascinating portrait of the modern egoist-outspoken and oblivious to the world around him. Working in a single-page-gag format and drawing in a spectrum of styles, the cartoonist of *Ghost World*, *Ice Haven*, and *The Death-Ray* gives us his funniest and most deeply affecting novel to date. STARS of the MONTH

DANIEL CLOWES' THE DEATH-RAY HC
(W/A/CA) Daniel Clowes
Teen outcast Andy is an orphaned nobody with only one friend, the obnoxious but loyal Louie. They roam school halls and city streets, invisible to everyone but bullies and tormentors, until the glorious day when Andy takes his first puff on a cigarette. That night he wakes, heart pounding, soaked in sweat, and finds himself suddenly overcome with the peculiar notion that he can do anything. *The Death-Ray* utilizes the classic staples of the superhero genre and reconfigures them in a story that is anything but morally simplistic. With subtle comedy, deft mastery, and an obvious affection for the bold pop-art exuberance of comic book design, Daniel Clowes delivers a contemporary meditation on the darkness of the human psyche. KILLING AND DYING HC
(W/A/CA) Adrian Tomine
Killing and Dying is a stunning showcase of the possibilities of the graphic novel medium and a wry exploration of loss, creative ambition, identity, and family dynamics. Adrian Tomine's gift for capturing emotion and intellect resonates here: the weight of love and its absence, the pride and disappointment of family, the anxiety and hopefulness of being alive in the twenty-first century. "Amber Sweet" shows the disastrous impact of mistaken identity in a hyper-connected world; "A Brief History of the Art Form Known as Hortisculpture" details the invention and destruction of a vital new art form in short comic strips. In six interconnected, darkly funny stories, Tomine forms a quietly moving portrait of contemporary life, creating a fraught, realist masterpiece. (STK684775) (C: 0-0-1)

This lavish, beautifully designed volume collects every cover, comic, and illustration that he has produced for *The New Yorker* to date, along with an assortment of other rare and uncollected illustrations and sketches inspired by the city. Complete with notes and annotations by the author, *New York Drawings* will also feature a new introductory comic focusing on Tomine's experiences as a New York illustrator. (STK472070)

NEW YORK POSTCARDS BY ADRIAN TOMINE
(A/CA) Adrian Tomine
Adrian Tomine has forged countless iconic images of New York City in his career as an illustrator. A master of conveying an entire story with a single panel, his covers for the *New Yorker* are beloved by New Yorkers and non-New Yorkers alike, as much for their frank yet charming portrayal of life in the big city as for their flawless design and gorgeous linework. This postcard set celebrates thirty of Tomine's most well-known illustrations, and is a loving homage to the city that Tomine, a West Coast transplant, has called home for the past eight years. SCENES FROM AN IMPENDING MARRIAGE HC
(W/A/CA) Adrian Tomine
At the behest of his soon-to-be wife, Adrian Tomine set out to create a wedding favor for their guests that would be funnier and more personal than the typical chocolate bars and picture frames. What started out as a simple illustrated card soon grew into a full-fledged comic book: a collection of short strips chronicling the often absurd process of getting married. A loose, cartoony departure from Tomine's previous work, *Scenes From An Impending Marriage* is a sweet-natured, laugh-out-loud skewering of the modern marriage process, including hiring a DJ, location scouting, trips to the salon, suit fittings, dance lessons, registering for gifts, and managing familial demands. SHORTCOMINGS TP
(W/A/CA) Adrian Tomine
The 2007 New York Times Book Review Notable Book, lauded for its provocative and insightful portrayal of interpersonal relationships, was one of the most acclaimed books in recent years. Tomine tackles modern culture, sexual mores, and racial politics with brutal honesty and lacerating, irreverent humor, while deftly bringing to life a cast of painfully real antihero characters. SUMMER BLONDE TP
(W/A/CA) Adrian Tomine
With a deft and romantic touch, Adrian Tomine portrays the emotional ambivalence of drifting, urban twenty-somethings in stunning black and white. His stories are appealingly naturalistic, stylishly cinematic, and emotionally rich. His fans accuse him of eavesdropping on their most intimate moments, exhibiting their insecurities with both forensic detachment and surprising compassion. (STK217366)

Collecting the first four issues of Adrian Tomine's acclaimed comic series *Optic Nerve*, this book offers sixteen concise, haunting tales of modern life. O/A SUPERMUTANT MAGIC ACADEMY GN
(W/A/CA) Jillian Tamaki
Jillian Tamaki is best known for co-creating the award-winning young adult graphic novels *Skim* and *This One Summer*, moody and atmospheric bestsellers. *SuperMutant Magic Academy*, which Jillian has been serializing online for the past four years, deftly plays superhero and high school Hollywood tropes against what adolescence is really like: the SuperMutant Magic Academy is a prep-school for mutants and witches but their paranormal abilities take a back seat to everyday teen concerns. This volume combines the most popular content from the webcomic with a selection of all-new, never-before-seen strips that conclude Jillian's account of life at the Academy. (STK668388)

Created and written by legendary icon, Grant Morrison, comes his newest hero Avatarex. In Avatarex, the epic world of living myth collides with the mundane realities and cultural upheavals of contemporary India. What happens when an all-powerful super-being awakens to fight the Last War of the Age — only to discover he's been sent too *early* for the End Days and must somehow learn to exist in a world that's too small and too frail to survive his presence? How does humanity react to the challenges of such a paragon in our midst? Will Avatarex raise us to his level — or will we drag him down to ours? Can the embodiment of our highest aspirations exist side-by-side with our all-too human failings or will the gulf between what we wish we could be and what we are destroy us? (STL009424)

EQUILIBRIUM: THE HALF-LIGHT #1

Recommended by Matthew Demory

***Equilibrium*, a 2002 indie movie directed by Kurt Wimmer and starring Christian Bale may have flown under the radar for some but it is now getting a new life from writer Pat Shand (*Wonderland*) and artist Giancarlo Caracuzzo (*Iron Man*).**

Humanity had just survived our third World War and we had paid a heavy price. Vast swaths of the planet now referred to as the "Nethers" had been laid waste in the conflict and were subsequently abandoned. The city of Libria, determined to not see another world war identified emotion as the source of our conflict and made it illegal. Citizens were required to take a drug called prozium which rendered them emotionless. Material that might invoke an emotional response such as paintings, video games, and comics were banned with a rating of "EC-10". Possessing EC-10 rated material or going off of the drugs was an offense that carried the punishment of death.

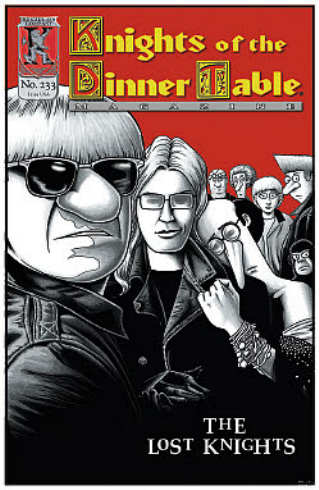

Those death sentences were often carried out by Christian Bale's character John Preston. As a Grammaton Cleric, Preston was an elite killing machine, a master of a fighting style called gun kata that combines material arts, gun fighting, and probability. Throughout the movie he transforms from an unfeeling executioner to a man struggling to learn the value of emotion, art, and human relationships. Ultimately he turns on his masters and leads the charge against an emotionless society using his two guns to slaughter all that stands in his way from allowing humanity to feel again.

We never got the chance to see what happened after John Preston's rage brought the fascist society in *Equilibrium* to its knees. There was no sequel. Was the revolution successful? Did John find his redemption for allowing his wife to be executed for feeling emotions? At long last in *Equilibrium: The Half-Light* #1 we will finally have the answers that we have waited for.

WARSHIP JOLLY ROGER GN
(W) Sylvain Runberg
(A/C) Miquel Montllo
In a gritty, star-spanning future, where mankind has colonized planets throughout the galaxy, former Confederation Commander Jon T. Munro was serving a life sentence for a war crime he was forced to commit. When a prison break runs amok, however, he seizes the opportunity to escape with a ragtag team of cons to form a small crew of pirates with one goal in mind: vengeful justice. And the first step in their plan is to steal the battle cruiser he once commanded, a state-of-the-art warship they call "The Jolly Roger." This epic tale of space pirates and political intrigue combines the emotional depth and excitement of sci-fi favorites such as *Battlestar Galactica* and *Starship Troopers*, with a visual style that leaps off the page like an animated feature film. SOUNDS OF YOUR NAME TP
(W/A/CA) Nate Powell
Nate Powell's intricate black and white art focuses on the terrors and pleasures of growing up. Poignantly plumbing the existential angst of youth, he invokes great coming-of-age novels with only a few dozen words. This book collects his self-published zines and comics dating back to 1992, his first two graphic novels (*Tiny Giants* and *It Disappears*), and new work. These stories build vignette by vignette into a rich tableau of lofty dreams and Deep South disappointment, car crashes and love letters, first kisses and four-tracks. Powell's work is a reminder of the persistence of wonder against all odds. (STL009323)

During the 1930s, Maud, an artist, discovers she has a psychic gift. The first signs manifest themselves in the royal gardens of the Trianon where gradually she understands that a woman from the beyond is attempting to communicate with her. The revelation is beyond belief: it is the ghost of Marie Antoinette appearing to her to share a terrible secret that has tormented her for centuries. After being guillotined, the Queen is said to have been thrown into a common grave but then exhumed and buried with her husband, Louis XVI, in the Saint-Denis basilica. MIKE WOLFER'S WIDOW SPAWNS A SEQUEL

This July, popular independent creator Mike Wolfer prepares to unleash a terrifying new sequel to his classic horror title *Widow* — **Widow: Progeny**. Wolfer discusses the past, present and future of his horror movie-inspired comics series…

PREVIEWS: *There doesn't seem to be an unseen destination at the end of the road for the players in* **Widow: Progeny**. *The solicitation seems pretty straight forward. Almost like the synopsis for a zombie movie you hope to see at the theater. Does that sound about right? Did you have the popcorn audience in mind for this book?*

Mike Wolfer: That's absolutely, right on the money! The "popcorn" audience is, and always has been, my target for **Widow**. When I first created the series back in 1992, I only intended it to be a single, three-issue mini-series, just a one-shot "horror film" concept. My idea was to create an homage to the horror/exploitation movies of the late '60s/ early '70s that I love so much. What hits that mark better than a story with a mad scientist on a secluded, Caribbean island, doing genetic research and making monsters? Throw in excessive gore and nudity, and you had nearly every movie I went to see as a kid. The concept — and I suppose my obvious love of the genre — clicked with readers, so here we are nearly 25 years later and fans are still demanding more Widow! **Widow: Progeny** is a new beginning of sorts, but it's also a continuation of the core storyline of the various series that have preceded it.

P: *How did you approach writing this title, given that the illustration chores were given to Karl Moline? Is it a different creative process when you're only writing the book, and not illustrating it? Is there more freedom? Or was it more challenging?*

MW: The only time writing for another artist is challenging is when the artist has a different way of envisioning pacing and action. Every artist has their own way of "blocking shots," just as a director does. How you place each element in each panel to create both a narrative and artistically pleasing flow if vital to comics storytelling. Some artists design panels the way that comic artists design panels, but my personal approach to envisioning each individual panel is to imagine what that single shot would look like on the movie screen. So in the work that I draw, you don't see a lot of the typical comic art conventions, like exaggerated proportions, anatomy, and perspective, characters flying out of the panels, etc. That also holds true for sound effects, which I rarely use, and thought balloons, which I never use. In essence, I draw movie storyboards, rather than comic book pages, and I love it when I find an artist who tells my stories in the same visual fashion. Karl Moline is very good at storytelling, as is Roy Allan Martinez, who is drawing issues #2 and #3 of Widow: Progeny.

P: **Widow** *is a name that's all too familiar with longstanding horror comic fans. But every new generation misses out on things that came along before their "awakening." If a new fan wanted a primer for* **Widow**, *where would you send them?*

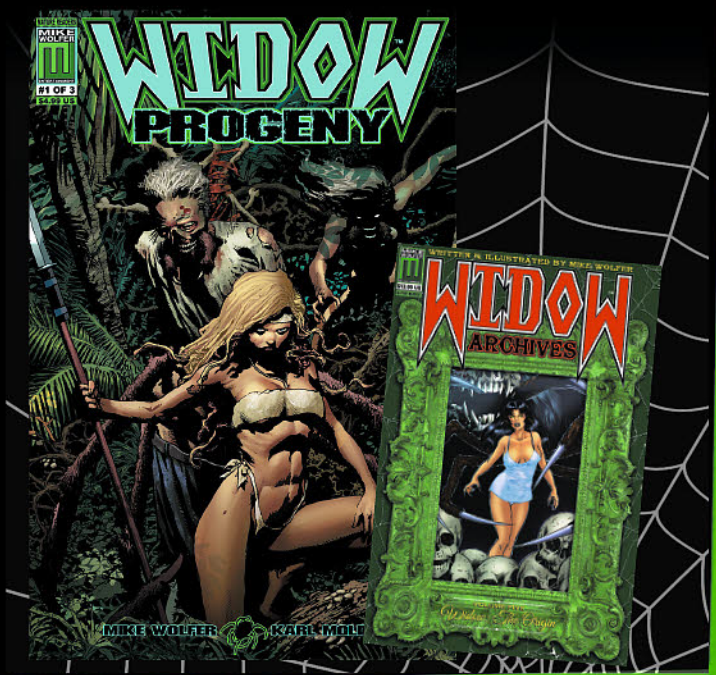

MW: In addition to my monthly, Gothic horror series **Daughters of the Dark Oracle**, one of my plans for Mike Wolfer Entertainment is to schedule regular, new tales featuring Emma, the main character of **Widow**. To get new readers up to speed, I'm currently reprinting all of the previous material in a series of **Widow Archives** trade paperbacks. There will be five volumes in all, four of which are currently available through ***PREVIEWS*** and your local comic shop. Since **Widow: Progeny** is a spin-off tale, I've written it so that readers can pick up this new mini without feeling like they've missed something. In the original **Widow** stories, we found that the "spider virus" that Emma possesses can be transmitted to others, warping their genetic structures and transforming them into half-human, half-spider hybrids. In **Progeny**, our story takes place on another island where that virus has spread, and we'll see how a shipwreck survivor and the crew of a U.S. Coast Guard rescue helicopter fare against an army of spider monsters. It's classic, horror movie fare, and sets just the right tone for what I have planned for the next year.

P: *What does* **Widow** *mean to you as a creator? Is it your baby? Is it something you constantly want to improve? Or is it the family gathering that you never want to see coming to an end?*

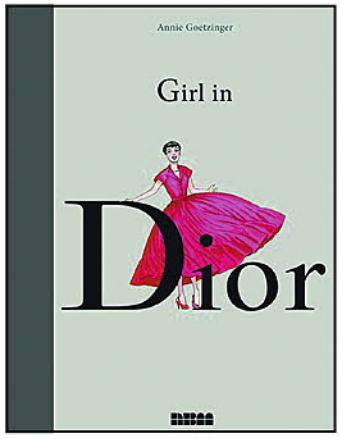

MW: Taking into consideration all of the various series I've worked on — things like *Night of the Living Dead*, *Friday the 13th*, *Gravel*, *Stitched*, *Lady Death* — I'm always pleasantly surprised that many comics readers first associate me with **Widow**. And that's perfectly fine with me. It's the character and series that propelled me on to other larger projects, so it's really nice to now be able to revisit those days, and relive the excitement of creating new stories for a new generation of readers. As for improving the series, yes, absolutely, that's always my goal. I've matured over the last 24 years and so have my storytelling abilities, so it's great to be able to apply all of that knowledge and skill to something that means so much to so many fans of Widow.

P: *Now that* **Widow** *is being published by your own company, Mike Wolfer Entertainment, how does that affect the books being produced? What's the payoff?*

MW: I started my comic career in 1987, and continued self-publishing until 1996, and although it was incredibly stressful, it's something that I've really missed over the last two decades. The "payoff" is that sense of fulfillment and pride that I get every time I see someone post a photo of the latest issue of **Daughters of the Dark Oracle** on Facebook or Twitter. Seeing their excitement and being able to entertain them is the payoff, more now than when I worked for other companies. Knowing that every decision that was made in creating that comic was mine, and that no expense was spared to make sure that it's the absolute best representation of my work, that's the payoff. And knowing that I'm now able to give fans of **Widow** exactly what they've been asking for all of these years — new stories — that's the best payoff of all!

C. Harvey; 10 x 11 inches; hardcover, all color; endleaves; 256 pages/Limited edition limited to 750 copies, signed plate.

Hermes Press is proud to announce a collaborative effort with Paws, Incorporated to produce a big fat hairy art book on everyone's favorite feline, GARFIELD! For the first time ever, fans of Garfield, Jon, and Odie will be treated to a huge, all-color, all-original art book, *The Art of Jim Davis' Garfield*!

This monograph will feature original production art from the comic strip, original cels from the television show, rare production and publishing art, and more! Garfield waddled onto the comics page in 1978, and the corpulent cat is still going strong today! If you've ever wanted to see a behind-the-scenes look at the production art, or wanted to read more about the man behind the cat, this is your book! *The Art of Jim Davis' Garfield* will go through the artistic process from the very beginning of the strip, to all of the media that it produces today, in details that fans have never seen before. If you love Garfield, this is definitely the book for you!

Featuring an original essay by noted historian R. C. Harvey, this art book will take you through the history of Jim Davis and Garfield, and how the furry feline has grown in popularity and style over the years. It discusses many of the mediums Garfield is represented in, from the *Garfield and Friends* television show to the live-action movies, to the current animated series, to comic books — and beyond! In the essay, Harvey interviews Davis about the history of Garfield, from inception to the modern version of this Monday-hating tabby. Davis gives the inside scoop on how Garfield's story unfolded, and how the cat was shaped into the lovable character the world knows today.

Also available exclusively through Diamond Previews, there is a special, limited edition version of this book! Limited to 750 copies and signed by Jim Davis, this book will feature a special signed and numbered plate with a deluxe dust jacket.

SAVE THE DATE!

JULY 9, 2016 IS DOCTOR WHO COMICS DAY!

In anticipation of this worldwide Whovian event, ***PREVIEWS*** caught up with Titan Comics' Direct Sales & Marketing Manager, Ricky Claydon, who discussed this year's hotly anticipated new **Doctor Who** comics event...

PREVIEWS: What Is "Doctor Who Comics Day"?

Ricky Claydon: *Doctor Who Comics Day* is an annual event inspired by Titan's **Doctor Who** comic books. It's a chance for Whovians, comic readers, and retailers to unite for day of events and promotions to celebrate **Doctor Who** comics! Last year's *Doctor Who Comics Day* tied-in with a five-part weekly crossover series by Paul Cornell and Neil Edwards (**Four Doctors** — available as a trade collection now!), and saw **Doctor Who** fans get the chance to celebrate at over 2900 locations at comic stores, bookstores and libraries. *Doctor Who Comics Day* is now in its third year, and everyone at Titan is working really hard to make this year's event even bigger with new comics, collections, signings and events across the globe!

P: When does this year's event take place?

RC: This year's event will take place on Saturday, July 9, 2016 and will tie-in with a special five-issue **Doctor Who** event comic, starring the Ninth, Tenth, Eleventh, and Twelfth Doctors from Titan's four ongoing **Doctor Who** series, and featuring one of the Doctor's most iconic foes — the Cybermen! These tragic cyborgs celebrate their fiftieth anniversary this year, so what better way to commemorate the occasion than with a series featuring as many different kinds of Cybermen as possible!

P: Can you tell us more about the event comic?

RC: It's a five-part, bi-weekly adventure entitled **Supremacy of the Cybermen**, penned by George Mann (*Eighth Doctor*, *Dark Souls*) & Cavan Scott (*Ninth Doctor*, *Vikings*), with art by Alessandro Vitti (*Secret Warriors*, *Captain America & Hawkeye*). As well as starring the Ninth, Tenth, Eleventh, and Twelfth Doctors, the series will also feature their comic companions — Gabby, Cindy, Alice, Rose (Billy Piper) and Captain Jack (John Barrowman)! The series features five connecting covers, with issue #1 including a number of variant covers to collect. Fans and Retailers can order both issue #1 and issue #2 from this month's issue of ***PREVIEWS***, and they can look for more details on issues #3, #4 and #5 in June's edition of ***PREVIEWS***.

New to this year, we'll be running nine exclusive one-page teaser stories that will run in Titan's four ongoing **Doctor Who** series in the two months prior to launch of the event comic. Dire things are happening to the Doctors up and down the timeline, and these bitesize glimpses will tantalize fans until the main event! Stay tuned for more news.

P: What else is happening on Doctor Who Comics Day?

RC: In addition to various signings and events at comics stores, we'll be releasing special *Doctor Who Comics Day* variants across our **Doctor Who** comics line and *Doctor Who Comics Day* merchandise — including a Titans Cyberman toy figure, T-Shirt and mug — only available from participating Direct Market comic stores! We'll also have new hardback and trade paperback collections available featuring the Eighth, Ninth, Tenth, Eleventh, and Twelfth Doctors.

Also, Titan will be supplying stores with a cool *Doctor Who Comics Day* event poster and freebies to give away on the day, and stores that sign-up to participate in the event will receive a downloadable pack with helpful ideas to celebrate the day — including tons of cool printables, quizzes, posters, and even reading group discussion materials; *Doctor Who Comics Day* is all about reaching out to the wider community of fans of all ages, so we make sure that our retailer partners are well-stocked with things to help deepen fans' love of comics.

Be sure to keep up-to-date with all of the breaking news about this year's *Doctor Who Comics Day* by following Titan Comics on Twitter, Facebook and Tumblr.

FEARLESS DAWN CHIBI FINALE

Recommended by Matthew Demory

Fearless Dawn has been through the wringer lately. She's fought Nazis riding dinosaurs, Nazis from the moon, and her best friend was shot dead right before her eyes. On top of all of that... her dog was shot and then turned into a gigantic monster dog after overdosing on a combat drug!

With her arch-nemesis Helga von Krause finally locked behind bars for her crimes Dawn is free to do as she pleases and she pleases to get her dog back. Unfortunately for Dawn the pooch doesn't want to sit still and is leaving a path of destruction in his wake. Will she be able to rescue her canine friend before Helga's allies spring her from the slammer?

Written and drawn by Steve Mannion, *Fearless Dawn* combines a quirky sense of humor with Steve's highly detailed and expressive art style comparative to Eric Powell's work on The Goon. Be sure to pick up *Fearless Dawn Chibi Finale* #1 in stores this July from Asylum Press.

TARZAN ON FILM HC
(W) Scott Tracy Griffin
Tarzan on Film is the result of two decades of exhaustive research on the 98-year ape man cinema canon, one of the greatest and most enduring series in motion-picture history. The 1918 release of the silent-film blockbuster *Tarzan of the Apes* launched one of history's longest-running and most successful film franchises. Based on Edgar Rice Burroughs' pulp-fiction hero, the tale of the infant orphaned in Africa and raised to manhood by apes has been explored in more than 50 films and seven television series. Writer and historian Scott Tracy Griffin traces the series' development, from the motion-picture industry's early silents and serials, through the high point of the Metro-Goldwyn-Mayer era featuring Johnny Weissmuller and Maureen O'Sullivan, to modern worldwide hits like *Greystoke: The Legend of Tarzan, Lord of the Apes*, and Walt Disney Studios' animated *Tarzan*. SUICIDEGIRLS: INKED HC

The SuicideGirls are a collection of more than 2,500 pin-up girls devoted to changing your idea about what makes a woman beautiful ... and they are naked. Started in Portland, Oregon, by Missy Suicide and her friends in 2001, the SuicideGirls broke conventional notions of beauty and the pin-up girl ideal as defined by men's and women's magazines and the culture at large. SuicideGirls was born in an era when tattoos were still taboo. Now, when ink is everywhere you look, the SuicideGirls still push the boundaries. The photos in this book celebrate the beautiful, heavily inked ladies with more than the casual butterfly. Our bodies are our canvases, and the SuicideGirls in this book have chosen to adorn every inch of theirs. (STL008891) (C: 0-1-0)

THE ULTIMATE GUIDE TO VINTAGE TRANSFORMERS ACTION FIGURES SC
Abundantly visual and painstakingly detailed, this is the definitive reference to vintage Transformers, some of the most desirable toys found on the secondary market. In 1984, Hasbro quietly infiltrated the toy aisles with a series of robots based on Japanese robot toys. These "transformable" robots were divided into two camps: Autobots and Decepticons. With die-cast metal parts, rubber tires, working action features and sometimes-firing missiles, these robots quickly changed to jets, cars and other weapons. Fueled by four live-action Transformers movies, values for the toys are skyrocketing. On eBay there are more than 93,000 listings for Transformer auctions just in Action Figures alone. FRANK MILLER'S DAREDEVIL AND THE ENDS OF HEROISM SC
(W) Paul Young (A) Frank Miller
In the late 1970s and early 1980s, writer-artist Frank Miller turned *Daredevil* from a tepid-selling comic into an industry-wide success story. *Frank Miller's Daredevil and the Ends of Heroism* is both a rigorous study of Miller's artistic influences and innovations and a reflection on how his visionary work on *Daredevil* impacted generations of comics publishers, creators, and fans. Paul Young explores the accomplishments of Miller the writer, who fused hardboiled crime stories with superhero comics, while reimaging Kingpin (a classic Spider-Man nemesis), recuperating the half-baked villain Bullseye, and inventing a completely new kind of Daredevil villain in Elektra. The 3 1/4" ABS plastic long board (fingerboard) hovers at 0.5"! The track has a slight bend akin to a half pipe allowing the board to move forward and aft along with unique recoil characteristics when pressed down. Wheels not included. Details include accurate and durable vinyl decal placed on Marty McFly's pink board and optimal magnet geometry for maximum levitation. STAR WARS DARTH VADER A NEW HOPE VERSION ARTFX STATUE

Kotobukiya is proud to present the triumphant return of the Star Wars saga to the full-size ARTFX Statue series. For this premium presentation we're featuring the movie that started it all and the first appearance of everyone's favorite Dark Lord of the Sith in DARTH VADER A NEW HOPE VERSION! Ruthless and powerful, Darth Vader stands in a commanding pose as he oversees the search for rebel elements on the Tantive IV. The towering warrior intimidates all who come before him, and his pose implies ultimate confidence with a slight twist to his body and his hands resting comfortably on his belt.

This elite ARTFX version of the former Jedi perfectly captures Vader's original costume as seen in Star Wars Episode IV: A New Hope complete with the padded armor, integrated cape and skirt, control panels, and of course the most famous helmet in movie history. And while the multi-colored lights on his chest plate and belt break up the black and gray color scheme of the villain's armor, they do little to penetrate the dark aura of his presence.
Darth Vader A New Hope Version stands nearly 12 inches tall in the classic ARTFX 1/7th scale. This high quality PVC statue is easy to assemble and fully painted so you can have your Dark Lord of the Sith in your display in no time!

DC COMICS SINESTRO NEW 52 ARTFX+ STATUE

Kotobukiya's lineup of statues based on the superheroes and villains of DC Comics continues to grow, and next up is a classic Green Lantern villain who has worn multiple colored rings over the years: SINESTRO! At the start of the New 52 era the purple-skinned Korugarian was once again a Green Lantern, though he would later return to the group that bears his name, the Sinestro Corps. And that's exactly how he appears here, in his full yellow-garbed glory! The highly detailed 1/10 scale Sinestro is on the rampage, launching himself forward into battle with his right arm thrown out behind him and his left, ring-bearing hand leading the charge. The supervillain's fear-empowered uniform is unique with black and yellow sections, studded bracers, a silver belt decoration, and the Corps logo on his chest. Bright gold really makes the yellow of Sinestro's uniform and ring stand out, as does the level of detail including all of the subtle piping and the Korugarian's musculature. The villain's face is contorted into a fearsome sneer, his skin an appropriate deep purple that contrasts nicely with his bright white teeth and black hair.

Sculpted by Ikkei Jitsukata, Sinestro stands just over 7 inches tall (1/10 scale) and like all ARTFX+ statues he has magnets in his feet for extra stability on his included display base. Don't fear the addition of this villain to your DC ARTFX+ collection; he looks great on his own and even better paired with his longtime arch-enemy Green Lantern Hal Jordan (sold separately)!

CAPTAIN AMERICA: CIVIL WAR MOVIE CAPTAIN AMERICA ARTFX+ STATUE

It's hero vs. hero as Kotobukiya's hit Marvel ARTFX+ series returns to the big screen with the upcoming mega-blockbuster Captain America: Civil War. Two mighty characters headline the new collection starting with the star-spangled hero CAPTAIN AMERICA! Fighting for freedom and his friends, Steve Rogers (portrayed in the Marvel Cinematic Universe by Chris Evans) heads into battle fearlessly even against his one-time ally and fellow Avenger Iron Man. The pinnacle of human ability thanks to the Super Soldier Serum created by Abraham Erskine, Captain America charges forward in his distinctive uniform, his shield leading the way and one fist cocked and ready to strike for justice. Rogers looks like he stepped right off the screen with an incredibly accurate sculpt capturing all of the intricate details of his patriotic red, white, and blue costume including the reinforced armor, straps, buckles, boots, gloves, and of course the "A" mask with chinstrap. And while the colors on his costume are muted his iconic shield is bright with metallic paint and will immediately catch your eye in your Marvel collection.

Sculpted by the same master artist responsible for many of the Marvel ARTFX+ statues, Junnosuke Abe (RESTORE), Captain America stands just over 7 inches tall (in the ARTFX+ 1/10th scale) as he charges into the fray. He lunges heroically over a cracked and broken concrete battleground, and while Steve Rogers is a fantastic display piece on his own you can pose him with the Iron Man Mark 46 ARTFX+ Statue for the ultimate Captain America: Civil War battle scene!

CAPTAIN AMERICA: CIVIL WAR MOVIE IRON MAN MARK 46 ARTFX+ STATUE

Kotobukiya's hit Marvel Comics ARTFX+ series has brought fans Avengers straight out of the comics, and now it returns to the big screen with the upcoming mega-blockbuster Captain America: Civil War. Two mighty characters start the new collection headlined by the brand new armor suit, IRON MAN MARK 46! The latest creation of Tony Stark (portrayed as always by Robert Downey Jr.), the Mk 46 incorporates all of the brilliant inventor's cutting edge innovations, though it's sadly brought to a conflict with fellow superhero Captain America. This brand new Iron Man suit is a perfect replica of the one you'll see in the film, and it's captured in a super cool battle pose as the Armored Avenger lunges forward and steadies his right arm for a repulsor ray blast! A direct descendent of previous suits like the Mark 43, the Mark 46 armor is a sleek war machine with interlocking armor plates, tons of technological details, and of course the awesome chest-mounted arc reactor and trademark faceplate. Of course, all of that is presented in gleaming red and gold with additional silver accents.

Sculpted by the same master artist responsible for many of the Marvel ARTFX+ Statues, Junnosuke Abe (RESTORE), Iron Man Mark 46 stands just over 7 inches tall (in the ARTFX+ 1/10th scale). He fights hard for his ideals of justice and peace on a blasted urban landscape display base, and while he looks fantastic on his own he pairs with the new Captain America: Civil War Captain America ARTFX+ Statue to make a fierce battle scene!

SPOTLIGHT ON

O/A DC COMICS VARIANT TIMELESS PLAY ARTS KAI: BATMAN STEAMPUNK FIGURE

From Square Enix. Square Enix's dream team of designers, sculptors, and engineers has each poured their heart and soul into creating the original designs of the *Variant Play Arts KAI* figures. Through generations, there has always been a force of justice that agents of crime, chaos, and evil have contended with. Inspired by the fantastic sci-fi subgenre of steampunk, the *Variant Play Arts KAI "Timeless"* series welcomes a new *Batman* to the fold. His Batsuit, with many design aspects inspired by turn of the century steam powered technology, offers a design that transcends time and space. Fine sculpting and paintwork, as well as careful consideration of the materials used, elevate the unique texture of steam-powered technology's functional beauty. For example, multiple gears and cogs can be seen through a transparent piece in the chest armor, and burnished bronze metallic color is used throughout. The technical machinery would not be out of place in an 1890s Batcave, and the gaslamp atmosphere evoked by the design is a perfect match for the Dark Knight. MOVIE MONTH
2016 RELEASE CALENDAR

Summer is the time when everyone is out of school, taking it easy, and looking for someplace to esc ape the heat. Many escape to their local movie house, where for an hour or two they can escape the summer sun and be transported to another place... someplace exciting, dangerous or absolutely fun. The movies are the ultimate escape, and we've got our collective eye on 2016's most anticipated offerings!

CAPTAIN AMERICA: CIVIL WAR

MAY 6TH, 2016

Many fans are already calling it "*Avengers 3*", but ***Captain America: Civil War*** is first and foremost a *Cap* movie... with a cast filled with almost every major Marvel Cinematic Universe hero. With the debuts of both the Black Panther and Spider-Man, ***Civil War*** could be Marvel Studios' biggest movie ever! And like all previous MCU productions, merchandising will be through the roof on ***Civil War***.

ANGRY BIRDS

MAY 6TH, 2016

Admit it: You've spent ***hours*** on your smartphone, flinging ***Angry Birds*** at those snickering, snorting green piggies and their shaky shacks. Now those digital antagonists are making the jump to the big screen for an all-ages romp that will have you itching to fire up that game app one more time (***admit it***)!

X-MEN: APOCALYPSE

MAY 27TH, 2016

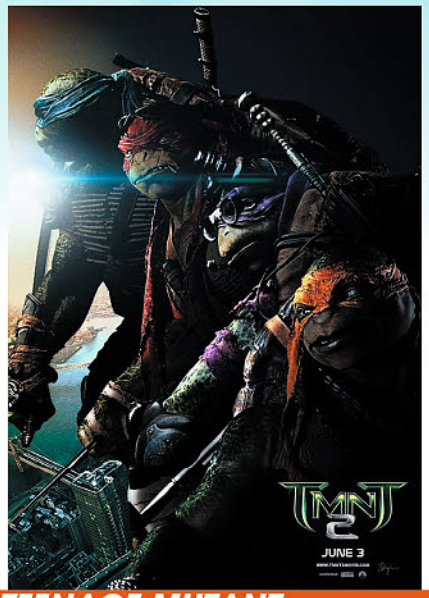

Director Bryan Singer returns to bring Marvel's mutants into a new decade (following the events of ***First Class*** and ***Days of Future Past***). The big bad this time around is the "first mutant" Apocalypse, and his Four Horsemen, who include Magneto, Storm, and Archangel. Will there be a Wolverine cameo in a film already teeming with mutants? Signs point to a definite *maybe*...

ALICE: THROUGH THE LOOKING GLASS

MAY 27TH, 2016

Mia Wasikowska returns to Wonderland in the title role of Alice, along with the Mad Hatter (Johnny Depp) and other familiar faces, in this sequel to the hit Tim Burton film, directed by James Bobin (*The Muppets, Muppets Most Wanted*).

TEENAGE MUTANT NINJA TURTLES: OUT OF THE SHADOWS

JUNE 3rd, 2016

Producer Michael Bay's live-action reboot of the ***TMNT*** franchise continues with this highly anticipated sequel, once again featuring Megan Fox as April O'Neil, and featuring the debut of fan-favorite mutant baddies Rocksteady and Bebop, and alien warlord Krang — outfitted with his massive android body! This sequel is sure to appeal to *TMNT* fans and collectors alike!

WARCRAFT

JUNE 10TH, 2016

The worldwide phenomenon that is Blizzard Entertainment's **Warcraft**, comes to the silver screen in this big screen adaptation of the MMO video game, directed by Duncan Jones (***Moon***), and starring Clancy Brown, Ruth Negga (***Agents of SHIELD***, ***Preacher***), Ben Foster (***4:10 to Yuma***), Dominic Cooper (***Agent Carter***), and more. It's the Orcs vs. Humans in a battle for Azeroth!

THE LEGEND OF TARZAN

JULY 1ST, 2016

A superstar cast including Alexander Skarsgard (True Blood), Margot Robbie (***Suicide Squad's*** Harley Quinn), Christoph Waltz (***Spectre***, ***Inglourious Basterds***), and Samuel L. Jackson (Marvel Cinematic Universe's Nick Fury) bring the story of Tarzan to life in this epic re-telling of the classic Edgar Rice Burroughs adventure saga.

FINDING DORY

JUNE 17TH, 2016

The highly anticipated sequel to Pixar's hit animated feature, ***Finding Nemo***, ***Finding Dory*** takes our fishy friends on an all-new undersea adventure in search of the absent-minded Pacific Regal Blue Tang, Dory. This feature will no doubt capture the imaginations of young and old alike, and like all recent Pixar films, will be generously supported with branded merchandise and collectibles.

INDEPENDENCE DAY: RESURGENCE

JUNE 24TH, 2016

Roland Emmerich returns to helm the Will Smith-free sequel to the hit SF epic, featuring many returning cast members from the original film — Jeff Goldblum, Bill Pullman, Vivica A. Fox, Judd Hirsch and Brent Spiner — for the second invasion by the alien invaders. Of course, this time we're prepared for them. Right?

GHOSTBUSTERS

JULY 15TH, 2016

Director Paul Feig (*Brides Maids, The Heat*) brings new life to the ***Ghostbusters*** franchise with his all-female team of supernatural investigators and eliminators. Starring Melissa McCarthy, Kristin Wiig, Kate McKinnon, and Leslie Jones as the new team, ***Ghostbusters*** looks to be one of the big movies of 2016, and we can expect plenty of merchandise and tie-ins for the film.

VALERIAN AND THE CITY OF A THOUSAND PLANETS

JULY 21ST, 2016

Director Luc Besson (*Leon the Professional, Lucy*) returns to his SF/Fantasy roots of *The Fifth Element* for his adaptation of the bestselling *Valerian and Laureline* graphic novel series (currently being published in English by Cinebook), for the story of time-traveling agent Valerian who, along with his partner Laureline, is sent to investigate a galactic empire.

STAR TREK: BEYOND

JULY 22ND, 2016

While J.J. Abrams was off in *A Galaxy Far, Far Away*, director Justin Lin (*Fast & Furious* series) came in to helm the third "new timeline" film, and from all indications, has brought a new vision and a sense of fun and adventure to the ***Star Trek*** universe, not only with an eye for action, but for character-centric moments as well. All eyes are on Lin and the rest of the ***Star Trek Beyond*** production team to bring home a true *Star Trek* experience.

SUICIDE SQUAD

AUGUST 5TH, 2016

Reportedly sent back into production to add still more humor and character moments, DC's *other* feature film for 2016 (after ***Batman v Superman: Dawn of Justice***) has been riding high since debuting its Comic Con "sizzle" reel to a capacity crowd. Fan-ticipation for ***Suicide Squad*** is almost palpable, as fans clamor for any new views of the squad in action... especially Margot Robbie as Harley Quinn. This is going be Harley's year, and she's primed to steal the spotlight in this end-of-summer blockbuster!

MARCH 2016
